Testimonials

Wm de Ferrers School

“I work with many contractors and I have found Precise Fire & Security to be an exceptional company. I have an ANPR barrier system controlling the staff car park, electronic pedestrian gates and a CCTV system comprising 64 cameras, all of which are maintained by Precise. I have no complaints about any part of the service they provide and the response time for call outs is usually the same day. Simon Curran from Precise keeps his finger on the pulse and continually checks on any work done by his team. I therefore have no hesitation in recommending Precise Security to anyone.”

Doug Cooper – William De Ferrer School

Vertex Services Group Ltd

“Our organisation had major reliability issues with its current supplier, we were contacted by the sales team at Precise and agreed to a Free Survey, we were delighted with the quotation for the replacement equipment and new maintenance regime as we expected an increase in our costs.”

5 Reasons to choose us

1. **QUALITY** – All our products are hand crafted to the highest standards and are rigorously inspected prior to installation by our qualified and experienced engineering team, thus ensuring 100% satisfaction with every installation.

Precise, keeping what's yours, yours!

2. **FLEXIBILITY** – Offering a bespoke design of systems we can provide flexibility to accommodate all our client's needs, providing a personally tailored security package every time.
3. **RELIABILITY** – As we are a family owned business, we realise the importance of a personal reliable approach to each project we undertake. A member of staff will be allocated to oversee each and every project undertaken and to be a consistent point of contact for each client.
4. **TRUST** – We take your security and the security of your staff, visitors and pupils as seriously as you do. You can trust us to keep what is yours, yours!
5. **CUSTOMER SERVICE** – We truly value your custom, and we appreciate the trust you are putting in our hands. We undertake to provide only the best level of customer care and aftercare to all our clients.

Security is everyone's concern, but it's our business!
